Meet'n'greet

Organisational issues

- Date/time for next CocoaHeads Meeting

- Infrastructure, i.e. website, room, WiFi, Mailing list/Google group/Twitter hashtag?

- Setup NSCoder Night in Siegen?

- Anything else?

AppViz 2 Promotion

- AppViz 2 Tool for monitoring your iOS and Mac App Store apps

- IdeaSwarm kicking off new version with promotion to try and get the word out

- One free license per CocoaHeads group

- $10 coupon for single copy or the 5 pack for up to 15 people

"Aspektorientierte Programmierung mit Objective-C"

(Julian Dax)

[Q&A start:now];

Did you know, that..

- ..NSDocumentDirectory is user-editable in iOS 5

- ..even while application is in background!

- Solution is to use NSLibraryDirectory instead for (critical) files

- http://bit.ly/k0aIME

Q&A / chit-chat
